From the Anden Stud

Welcome to the 29th Annual Anden Stud Sale. We are excited to present another outstanding line up of quality rams and ewes. This year will include our first offering of Specially Selected Anden UltraWhite Stud Ewes to kick off our on-property sale.

These ewes are the result of many years of hard work and dedication with the vision of improving the easy-care meat sheep. We are equally as proud to also offer for the first time, Specially Selected Anden UltraWhite Stud Rams. These lots have been carefully selected to ensure purity of the UltraWhite breed has been met, along with structural correctness and performance traits to enhance any stud program.

Our on-property auction will again be interfaced with AuctionsPlus for the entire sale. We trust this platform will give all potential buyers the opportunity to view all lots prior to the auction and purchase from Anden Stud on the day.

Joel, Andrew and Trent have been busy over the winter months displaying both White Suffolk and UltraWhite rams at multiple events including the Speed Mallee Machinery Field Days, Bendigo Sheep and Wool Show and again at the Hamilton SheepVention.

We had the pleasure of competing at the Australian Sheep and Wool Show, Bendigo, with UltraWhite Rams and Ewes. We were very pleased to be awarded Reserve Champion Ram of the UltraWhite breed with 23-1077 (lot 141 in this year's sale catalogue). Whilst in Bendigo, Joel was announced as recipient of the Zoetis Prime Lamb producer of the year award.

The opportunity to display our stud sheep and compete in the show arena provides us with the opportunity to talk with a wide range of breeders and discuss the challenges we all face and potential solutions to solving such issues within our industry.

On writing of this catalogue, Joel is heading to the Adelaide Show to judge the Suffolk breed. He is very honoured to have been nominated as judge and takes a lot of pride and responsibility in this role.

This year we offer 241 lots, comprising of 118 White Suffolks and 123 UltraWhites. All sheep offered are backed by proven LAMBPLAN data, structural integrity, and breed type. As always, we continue to pride ourselves on selling only the best that these breeds have to offer.

On a personal note, Trent and Brigette welcomed the safe arrival of Pippa Oriel into the world on 3rd July 2024. We are excited to have another grandchild, niece, cousin and daughter being brought up here on the farm. We wish Trent and Brigette all the best as they become new parents.

We hope this finds everyone safe and well. Thank you for your interest in Anden Stud and we look forward to seeing you on Thursday, October 3rd.

Kind regards, The Donnan Family.

Flock History

Anden White Suffolks

The Anden White Suffolks, Flock No. 91 was founded in 1989, by Andrew and John Donnan. Initially using Suffolk ewes from Kerangie and Stone Haven Studs and have built a sire base, introduced from top White Suffolk Studs and breeding elite Anden White Suffolk rams. In 2016 John (86) sold his share of the Stud to Joel Donnan. Joel grew up on the farm and has worked full time since 2011. Joel's sheep knowledge and insight will be instrumental to the Anden Stud's future. Anden was built on a passion to provide the best genetics to breeders and continues to strive for excellence. Results at market reflect the enhancement that the Anden rams have given to previous buyers. We have had much success at the Royal Adelaide Show over the years and acknowledge the Stud's achievements.

Anden UltraWhites

2017 saw the start of a new era, with the marketing of the Anden UltraWhite Stud. Andrew and Joel had been quietly working on producing a consistent line of sheep with good fertility, low-moderate birth weights, good growth and sound structure.

The UltraWhite breeding came from the result of using high performance, elite White Dorper genetics over our best performing Viewdale Poll Dorset ewes. UltraWhite semen was also purchased from WA. What is produced is a good muscling, high yielding carcass across medium-heavy weight carcasses, animals with decent amount of fat cover, ability to maintain exceptional do-ability and hardiness with good shedding ability.

Early 2021 saw the launch of the **UltraWhite Sheep Breeders Association of Australia Inc.** with the new breed taking on breed code 24 and Anden receiving flock code 0002.

A mountain of work has gone into building the UltraWhite breed to where it is today, and it's certainly a pleasure to be a founding member of the association. Joel was recently voted in as President of the association in 2024 and is very proud of the breed that has been built for well over a decade.

2024 will be the first year we offer UltraWhite Ewes and Rams as Specially Selected lots. These lots (1-22 and 141-160) have been scrutinised with careful consideration to ensure we offer only the best available animals, to drive the breed forward.

Anden Speckle Park Cattle

We have purchased several stud cattle and the best embryos available within the breed over the past 3-4 years to ensure the foundation of our breeding herd are from a combination of the best studs in Australia, New Zealand and Canada.

All calves born on property have had performance data recorded with BREEDPLAN to ensure accurate EBV's for genetic selection.

The Speckle Park breed offers a low birthweight, high marbling, easy-doing animal with tremendous docility and temperament.

We are very passionate about quality stud stock, and very excited about the path taken running a stud cattle program with very similar objectives to our sheep breeding programs.
